

# Marvellous Map

## Educational futuristic approach of *mapamelt*

For kids who have the need to understand the influence of other cultures in their life and perceived in a positive way how that influence can help shape their own identity. Marvellous map is an interactive platform that offers fun education to kids. Unlike, the traditional mapamundi, our product offers a didactic and participative way to help kids become a more sympathetic generation and react in a better way to social issues that society present to us.

## For Who is it?

### Kids

A fun way for kids to learn about geography, understand their own world locally and globally and become critical thinkers.
